# Just Imagine How You're Going To Feel When Your Joint Pain And Suffering Finally Vanish!...

**In the next 2 short minutes...** you're going to Discover exactly how you can be rid of not only just your joint pain, but maybe even more importantly the constant stress and tiredness you feel knowing that every day when you wake up you will have to face another day in pain.

You don't have to suffer through your lack of mobility that keeps you from doing all the things you long to do again like you used too.

**Another Problem with your Joint Pain is: It makes it really hard for you** to get the amount

of exercise you know you need.

And as everyone knows, not being

able to exercise like you really want to is also aging the rest of your joints as they deteriorate from the lack of proper movement.

You know all too well that it can be really difficult to get a truly sound night's sleep when you're constantly awakened and disturbed by your aching pain.

**No one wants to experience the embarrassment of** not being able to do the simple things like lifting normal objects that used to be no problem or taking flights of stairs like you used to be able to do.

### **It doesn't have to be this way...**

Remember for a moment how you took for granted what would now be an incredible pleasure... when you could do all of your normal daily tasks without your current pain and suffering. Remember how wonderfully refreshed you felt waking up after a great night's sleep before your pain started robbing you of your much needed rest. Ponder for a moment how it will change your life when you know that tomorrow when you wake up you can be free from your terrible chains of pain that have weighed you down and held you back.

### **You're Right....**

Everyone knows that they can't just stay on pain pills for very long; the evidence is all around you... just look at all the celebrities constantly checking in to drug rehab. Not to mention all of the side effects and long term dangers that you've seen brought up very recently in the media. And yes, you are right! You need to take something pure and natural that will help to rebuild your joints from the inside out or they will just continue to get worse and worse day by day for the rest of your life.

### **There Is A Solution...**

You don't have to live the rest of your life racked with pain and agony, there is a 100% pure and natural solution without drugs!! You really can live your life to the fullest doing the things you have been yearning for since you have been burdened with your pain.

### **Introducing: Joint ReForm™**

**The Most Unbelievable New Product Of the Decade!** Joint ReForm is the single biggest breakthrough in Joint Care and joint rehabilitation in history let alone just the last ten years. How can we make such a bold statement?

Easy... just wait until you see all the benefits, see all the real testimonials and see the Guarantee! They are all so good it may sound too good to be true, but it is true.

You have finally found the real deal you have been searching for 100% unconditionally guaranteed! What is Joint ReForm? Joint ReForm only has 1 ingredient which is: Multi-Dalton sub-grouped Molecular Weight Orchestrated Pure Collagen Peptides. Which is a technical way of saying: It's **not** collagen per say, it's the little connectors in between the collagen portions (peptides) that hold collagen together. Then they have been grouped together into very specific sizes (molecular weights) so they perform a very specific function or job in your body.

It's so new and special that several patent apps are filed. It's a **brand new, never seen before** technology that you don't have to really know all the science for, because don't worry... there won't be a test later. **What's really important is that it works like crazy!**

Joint ReForm is being launched by NutriHarmony a 12 year old nutritional powerhouse in the health and wellness industry.

The special introductory offer you will see below can only be taken advantage of on **this page**. However you may view the full NutriHarmony website at the link after the next sentence. Just be sure to come back to **THIS PAGE** for your special deal below.

Well, please read their testimonials below. **I want you to know that** the testimonies you see here are all 100% true, 100% verified and on file. Not only that, but I'm sure you have seen all the little escape clauses companies put in the fine print like "the results shown are not typical and actual results may vary". Well, the testimonials you see below **ARE TYPICAL** and they have **NOT** been compensated for them and they are **REAL** and **YES** you should expect to see the same type of results varying only slightly depending on just what condition your joints are in when you start your Joint ReForm. The vast majority of people are reporting great results in anywhere from the first day to the first 2 weeks, **which as you know** is *phenomenally fast* for any joint compound.

"I think you have a miracle product! Before taking this product I had considerable joint pain in my knees, feet and hands and my fingers were becoming very sore and arthritic. After using Joint ReForm, all that pain is gone...even the swollen, red inflammation in my finger joints is gone. I'd had my wrists going to sleep and aching at night and even that has completely alleviated. I'm thrilled with the results. My knees had both started having some stiffness and soreness but had considerable pain in my right knee. I twisted it just before starting Joint ReForm and had immediate improvement as soon as I took this product. And a fabulous unexpected side effect I noticed is that both my hair and nails are growing much faster and thicker than usual. I'm amazed at the many benefits I have received from this product. Even after a recent 8 hour drive (which would usually make my back ache terribly) my back isn't hurting at all. I don't want to ever be without this product!"

Judith Clift

“Within two days, old injury pains in my shoulder, back and knee were greatly relieved. After 5 days I was brave enough to try high-impact aerobics like I used to do with success. Joint ReForm is life-changing and a gift to the world. I am so very grateful to feel more youthful than I am! Much Love and THANKS!!!”

Lisa Knopp

“I am thrilled I am able to get rid of the knee pain that has held me back from my favorite activities! At age 79, I was surprised that many other pains and aches also vanished. The return to my life’s most fun activities—walking the dogs, swimming, pain-free function at work— this is priceless to me. Thanks, NutriHarmony for adding to my quality of life!”

David Andrews

### **Read what even more people have to say about the amazing benefits of Joint ReForm**

“The NutriHarmony Joint Reform product is a very needed solution that really works. It addresses a very debilitating and painful problem that many of us have as we grow older. I had tried a number of products for joint pain and inflammation, but none of them worked like this new incredible formula Patrick Shelley came up with. Within two days I was seeing a substantial decrease in the amount of pain in my joints, especially my knees and hands. The

condition continued to improve during the trial period. The product was easy to take and pleasant tasting. I was very impressed at its pure, simple ingredient without the flavors, sweeteners, fillers, and artificial ingredients that are in so many products on the market. I am very excited about this product, and can't wait to tell my friends and family about it (and to get some more for me!). I highly recommend Joint ReForm if you have pain and stiffness in your joints"

**Athena Crowley**

"I would say that I feel like a million bucks but Joint ReForm is too valuable to have a monetary value affixed to it. It is really that good! A prominent Orthopedist in St. Louis (Dr. George Paletta) who is the Orthopedic Surgeon for the St. Louis Cardinals baseball team and has a pedigree from Johns Hopkins and Cleveland Clinic guessed that I had a partially torn rotator cuff that would only require a light debridement. When he went in to my shoulder he found that I had a full thickness tear of the rotator cuff and similar damage to the labrum and biceps muscles. He had to do a complete surgical takedown and re-build of my left (primary) shoulder which included the insertion of three titanium anchors that were drilled into my humerus. Not very funny, right? I am one month out from the surgery ("Recovery" time is normally four months from this type of surgery, I am told) according to my medical team. I had to go back to work yesterday and the pain in my left shoulder and now the right shoulder (compensatory pain) was excruciating. When I got home from work (I am a Technology Consultant for AT&T, Inc.), my wife had to put me in bed and crank up the PolarCare 300 Ice Therapy Machine to try and abate the inflammation and acute pain. She had to apply a bag of frozen, mixed vegetables to my right shoulder and I had to take Tramadol all night for pain. Late this morning, Elly (my wife) let me know that my NutriHarmony box had arrived. She hurriedly foraged through the USPS box and found the Joint ReForm that I have been eagerly waiting for. She mixed one serving with warm water (as prescribed in the instructions) and the reaction was IMMEDIATE! I could literally feel the NutriHarmony Joint ReForm ingredients eating away at the inflammation in both shoulders and then down through my arms and into my hands. ALL OF THE PAIN IS GONE! I feel like a kid! I was in the back of Physio Performance Systems in St. Louis doing roundhouse karate kicks at Steve Baum, the owner! I couldn't believe how fast the Joint ReForm helped my body begin the processing of healing itself. I am literally beside myself! The pain in my lower back that has nagged me for decades is gone as is the pain in my knees. Patrick Shelly (the inventor) is a Prince! I feel REJUVENATED and RENEWED."

Jim Hollinshead

“I’ve never had much faith in natural healing stuff but this Joint ReForm really seems to work. For years I’ve had a lot of knee problems, especially after doing any strenuous work like working cattle and building fences. As a matter of fact, that’s the thing that was making me feel “old”. I’ve also had a lot of stiffness and achiness first thing in the mornings for many years and difficulty just getting started moving. After I got on Joint ReForm that all improved significantly. I noticed that I can now climb the tall flight of stairs at the cattle sale barn without any pain and before I’d sometimes have to stop for a bit before going up the rest of the flight and even have to drag my bad knee behind me. I can now walk all the way up to the top easily without stopping instead of each step being hard to take. Joint ReForm has really given me back much greater ease of movement...like my knees and feet are years younger again and the stiffness in the rest of my body that had started to make me feel old is almost a memory.”

### Joint ReForm

*Joint ReForm™ is by far and away the most effective joint relief formula on the U.S. market we have ever seen.*

Hi my name is Patrick Shelley. I am the Founder, C.E.O and product developer for NutriHarmony. I want to share with you exactly how and why Joint ReForm™ was created. I am sharing my personal story about this product with you because of the amazing results I obtained and the freedom it has given me back to do the things that I have been wanting to do for years.

#### **Here are my personal results!**

- No more joint pain at all, 98% to truly 100% gone and I am loving it.

- The constant inflammation that had been nagging for over 20 years has disappeared.
- I haven't had my knee pop out not even once since using it and this is huge because in the past it could pop out once a month at least or at times up to 2-3 times in one week.
- I now sleep all the way through the night without my shoulder waking me up. Before Joint ReForm™ I was almost always awakened 1 to 3 or more times per night from the pain.
- My joint stiffness is now a thing of the past and my joint mobility has returned. Now I can squat down without having to hold on to something for stability.
- The biggest benefit has been being able to go out and do the things I want to do in my life without having the constant limitations of pain, inflammation and lack of mobility.

#### **How And Why Joint ReForm™ Was Created**

To say that my knee and a few of my other joints give me challenges would be a huge understatement. I am sure many can relate to constant pain, ligaments catching, swelling, inflammation, popping out of place, locking up, stiffness and not allowing you to do all the things you really want and need to do.

The stress I have put on my body and my joints over the years has been maybe just a little on the high side with competing in Martial Arts, Power Lifting, American Football and being a U.S. Marine disabled Veteran because of injuries to joints. I only say this so that you can really understand the scope of my need to finally develop a natural joint care product that actually worked for me.

Being a nutritional product developer for a couple of decades I would say that I have access to virtually every nutrient or formula on the market worldwide. This is not a grand statement at all. Think of it like this, if you were let's say a successful plumber for over 20 years you would likely have access or internet access to most every kind of plumbing part or pipe... right?

So, being that I was properly motivated (and trust me constant pain is a proper motivator) I was always in search of the very best joint rejuvenation products and ingredients available anywhere in the world.

Yes, I used virtually every substance that one could imagine and I tested every new formula that was launched, but nothing worked. Every single thing that I used either helped a tiny bit for just a little while or had no effect at all.

And of course I was working with the labs researching, developing and testing new compounds that were previously unavailable, literally dozens of new compounds year after year.

And then the answer hit me like a ton of bricks....

It wasn't the collagen proteins themselves that were the critical deciding factor but the elements that hold them together and the true secret is hidden in the exact ratio in which the particle sizes are orchestrated. I can't disclose anymore about that process as it's Patent Pending but suffice in saying it is beyond revolutionary!

**The benefits I started getting were literally off the charts.** I almost couldn't wait for the first test batch to be finished, I felt like a little kid at Christmas waiting to unwrap the presents as I scooped that first saturation phase serving into a shaker cup and added the water.

Within just 3 hours I was noticing a massive improvement in pain and joint lubrication. By the 4th hour my decades of inflammation started to disappear and my joint mobility started to come back. Now sure I eat a very clean diet most of the year (I have a bad meal here and there) so the Joint ReForm™ acted in my system very quickly, but to say that I was thrilled with the results would have been one of the understatements of the year. That's for sure.

Above you read the benefits that I received starting a little on the first day and getting better and better every day for the first 3 months so that now I almost don't even remember having had bad joints anymore.

## Testimonial

This Testimonial is followed by this Joint ReForm™ user's day to day real world experiences on Joint ReForm™ during a product trial in which he was one of only just a few people in America to have ever used this product. I think you will appreciate what he has to say about it. To see his progress is fantastic.

“This product has changed the way I exercise, walk, feel, the way I think about my knee, ankle and my joints, that I don't have to live with discomfort. I can be pain or discomfort free and not just find ways to live and work around my knee problem/pain. At 50 years young I like being physically fit (tennis, biking, walking) and want to keep it that way until 100 Years or more. It is amazing how Joint ReForm™ targets just where the body needs it. It's amazing how Patrick is there when my body needs him. Thanks for another great product.”

*Charles, IL*

### **His Interim comments during the product trial:**

#### Day 2:

“I played tennis again today and, Clear is the best way to describe the feeling. Clear of any past pain or discomfort.”

#### Day 3:

“Swelling is gone that I didn't know or realize was there until it was gone.”

#### Day 5:

“My knee is feeling real strong again. After taking this product in the morning I feel strength coming back to my knee and joints.”

#### Day 14:

“One day on this new product, no twinge, stiffness, or pain at night. Fourteen days later it's 9PM, I just finished over 2 hours of tennis, worked a full day and my knee feels great.”

**People are Raving about Joint ReForm™!**

**See what other happy users have to say:**

“Prior to consuming Joint ReForm™ I suffered with joint instability and severe pain in both my knees due to lateral and medial injuries in the ligamentous tissues – which gave me pain in my hips. I also was experiencing acute inflammation to the meniscus tissue in my left knee, causing grinding on the knee cap.

To my surprise after the fifth day of taking Joint ReForm™, I experienced a tremendous decrease in my pain in both knees and hips. This was after a very intense work-out that would normally cause increased pain!

My next work-out, two days later, incorporated lateral lunges and squats on a BOSU which normally would cause discomfort in my knees and hips due to the instability of the joints, they were NO problem! I was able to make my tempo slower to further the burn! It was totally amazing that this 50 year old woman was doing an awesome squat on a BOSU with a 3-3-3 tempo! Needless to say, I was able to get a burn like the old days! I have also been able to grow my fingernails like when I was pregnant – hard as bricks. I am a personal trainer and my hands get beat-up all day long, but on Joint ReForm™ my nails are simply beautiful.

I give Joint ReForm™ two thumbs up! I can not imagine my life without this wonderful product. My hat is off to the master, Patrick Shelley! Thanks so much!”

*Vicki J., GA Center Stage Fitness CHEK Corrective Exercise Specialist CHEK Holistic Nutrition & Lifestyle Coach*

**“This is a nutritional product that provides no doubts in its effectiveness!”**

“For the last 20 months I have been unable to run, something that I had been doing since 1981. I began having pain in my right Ankle and knee even while running. Walking and standing began to be a problem as well at times. I do walk many miles a week but I was tapering off my miles and began doing other types of activities with a less weight bearing degree. I could not even do standing postures in yoga without experiencing burning pain in the right ankle and heel. Every day I had pain and some days were much worse than others with no relief.

When I started Joint ReForm™ I noticed some relief on the very first day. By the second day most of the pain was gone in the right Knee and to my surprise my right Hip (low back) began to feel more at ease. The ankle pain was about 50% gone. By the fifth day I was walking with a

great deal of ease and doing yoga without any significant pain. The other joints in my body felt less stiff. This includes my thumbs and wrists.

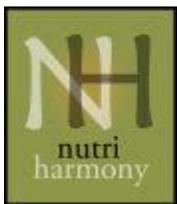

After 14 days of taking the product I truly felt an ease in all my joints that I had not felt for a very long time. All during this time I had continued my miles of walking, Yoga, the elliptical, and working on my feet for long hours. Most of the pain in my right ankle was gone. I went from having significant pain night and day to just twinges of pain for brief periods at night. I was most surprised by how good my low back felt. I will definitely want to take this product for a longer period. It's the most relief I have experienced from any product and has no side effects."

*M. Basso, IL*

"I couldn't say how phenomenal it is to have my knee feeling great as if I were back in childhood when I could run, bike and play for days on end. In all truth, this previous pain in my knee made it so painfully uncomfortable to live in my body. Such was the case before, though now I can bike longer distances, I can walk with my daughter until SHE gets tired (usually I was the one who wanted to stop because of my knee), and I can play on the floor for hours and hours with my daughter without my knee getting sore and painful. Because I feel better by taking this product, my family receives so much more of my care and energy without me sacrificing my body to do so. Once again Patrick Shelley has mystified me with a phenomenal product which I am so thrilled and honored to share with those whom I love, truly! Thank You"

*J. Castro, CA*

"Using Joint ReForm™ is a fantastic experience and I had amazing results. For several years I've tried everything to stop my pain and locking of my knees. I've finally found a product that delivers. After just a few days I felt complete relief. Now I go through daily activities with great confidence. My knee feels very strong and I'm able to move at angles that I couldn't before. Joint ReForm™ will be an auto-ship product for me because now that I've experienced the benefits I don't want to go back to how I felt before. Thank you very much."

*R. Rodriguez, NJ*
